# LEGION COMPLETES MAT CARD PLANS

A MAIN GO AND PRELIMINARY BOUT SCHEDULED

## A LAMAR-FRASER BOUT

College Students To Furnish Preliminary—Main Wrestlers Have Excellent Wrestlers

The complete card for the wrestling match to be promoted by the Maryville American Legionnaires next Monday night at the State Teachers College was announced this morning by the promoters.

In the preliminary match "Steve" LaMar and Basil Fraser, both of the State Teachers College, will meet. Both of these boys are lightweights and both have had considerable experience on the mat. LaMar, especially, is well acquainted with the wrestling game and Fraser, although a little man, is quite clever on the mat. This curtain raiser should be the best of the season so far.

In the main go Johnny Bass and Bob Hansaro will go two falls out of three. Both of these men have been putting in some good training licks in the past two weeks and they promise the fans a good match.

Bass, who has just stepped from the welter to the middleweight class, has quite a record behind him. While in the old country twelve years ago he was once a national champion in his weight and since coming to the states he has thrown some of the leading welters of this country.

He has been working out at the State Teachers College for the past two weeks and in that time has accumulated a host of backers who are for him strong, in more ways than one.

Honsaro is a pupil of Earl Caddock, former world champion among the big fellows, and has proved an apt student of the art of the one time champ. Among his scalps can be found those of Dandy Dillon, Charles Lock, Tommy Doctrine, Tony Rotolo, Young Mickey, Jack Reynolds and Gus Kallio, and now he aspires to more honors in the form of a win from Bass.

## State Inspector Visits the College

C. B. Hudson Inspects the Teacher Training Course Taught By Miss Margaret Franken

C. B. Hudson, teacher training inspector from the state department of education, was in Maryville this morning inspecting the teacher training department at the State Teachers College. After examining the department and looking over the situation Mr. Hudson said that the conditions here are favorable. Although the class is composed of but ten students, Mr. Hudson said that it was one of the best with which he had come in contact, due mainly, he said, to Miss Margaret Franken, the teacher.

Mr. Hudson arrived in Maryville last night and left this morning for Stanberry, where he will inspect the high school. He said that it would likely take him two weeks to finish inspecting this school district.

There are 125 high schools and six private schools in the state who offer the teacher training work. Of these schools the largest class in this branch of education has been thirty-nine. This was at the Holden, Johnson County, high school. At Trenton there were thirty-eight students of the high school taking the work.

Mr. Hudson is at present a member of the faculty of the Warrensburg State Teachers College. He is an instructor in the department of education and has been granted a leave of absense for the work he is now doing.

At one time Mr. Hudson was a principal of the Washington school in Clinton, Mo. Later President Lamkin of the State Teachers College started his teaching career as the principal of the same school.

## Preacher Speaks on Little Brown Church

A special meeting of the Excelsior Literary Society of the College was held at 3:20 o'clock this afternoon. The feature of the program was a talk on, "The Little Brown Church in the Vale," by the Rev. T. M. Walton, a member of the society. Mr. Walton was at one time pastor of the "Little Brown Church," which is said to be standing in the town of Bradford, Ia. He told of the church and how the now famous song happened to be written.

Another interesting number on the program was a talk by Waldon LeMaster telling about the Leavenworth federal prison.

# U. S. PROBES INTO HIGH SUGAR PRICES

COUNTRY HAS BEEN ROBBED OF 500 MILLION DOLLARS?

## A STATEMENT BY HOOVER

Says That Department of Commerce Has Been Working on Investigation for Some Time.

Washington, March 22—The United States government, through the Department of Commerce, is already investigating the price of imported sugar and the People's Legislative Committee is behind the times in its charges that the country is being robbed of 500 million dollars by sugar magnates, Secretary Hoover declared this afternoon in a formal statement. The charge referred to today was coupled with a demand recently made to President Harding by the People's Legislative Service for an investigation.

As soon as Congress appropriated available money after March 4, the Commerce Department launched an investigation into sugar prices and called upon an inquiry by the Federal Trade Commission to determine if the provisions of the Clayton Act to prevent illegal competition, were being violated.

At the Department of Justice today it was said that no investigation of the American sugar industry was being contemplated, and expressed the opinion that it was being conducted satisfactorily by the Federal Trade Commission and the Department of Commerce.

## County School Work in the State Report

State Superintendent of Schools Tells Of Nodaway County Work In His Annual Report

Some phases of the rural education work in Nodaway County that is being done by county superintendent, Leslie G. Somerville, has been commended and recommended to other parts of the state by former state superintendent, Sam A. Baker, in his seventy-third report of the public schools of Missouri, which has just been issued. The report covers the school year ending June 30, 1922.

Three complete bulletins, which Mr. Somerville sent out to his teachers, are reproduced in the report and are recommended as being an excellent means of enlivening the spirit of the teachers and school boards. The first bulletin shown is the September number, which takes up the subjects of attendance, programs, grades, report cards, classification of pupils, eighth grade pupils and examinations, county health work, community work, and a test for efficiency measurement of the teacher. The teacher is instructed to study it to determine whether or not her own work is of standard quality.

The October bulletin takes up the importance of proper time being given to assignments, and then the details of the coming vitalized agricultural fair, corn show and home economics exhibit.

The November bulletin begins with a story of Nodaway County School Day and tells of the benefits derived by the schools. Further information is contained about ventilation, light, heat, and heating plants, hot lunches and some instructions upon the improvement of silent reading by the pupils.

## "Who Won?" Still Being Asked About Boys'-Girls' Game

At 3 o'clock yesterday afternoon the classroom doors at the high school burst open, and a wild tumultous mob rushed out. The general direction of movement seemed to be toward the gymnasium, where the boys basketball team was to play the girls team. The crowd was seated and ready for the game to begin, when lo and behold! in came the boys. They were donned in red baggy bloomers and green sweaters. When the girls entered it was noticed that every girl had her hair combed straight back, and her ears exposed. Truly it was a funny looking bunch.

The game began. The first half was played according to girls rules, and kept the audience in an uproar. The half ended with the score six to six in the girl's favor.

The second half was played according to the boys' rules. The boys soon started to roll in the baskets, and Miss Nash decided that it was time to start something. The girls started to troop out onto the floor, despite "Shorty Lawrence's protests. There were soon eight or nine girls playing against five boys. Then the boys entered on the field of battle. During the latter part of the game there were about twenty-five players on the floor, and the game looked like a young riot. It ended ten to nine, or nineteen to nine, nobody knows. However the purpose was to furnish some ready cash to the "Maryvillian' which was accomplished.

## Christian Cagers Continue to Win

The game was played at the high school gym and was refereed by John Smith. The line-ups were: Methodists; Gibson and H. Pugh, forwards, Lightfoot, center, Anderson and E Pugh, guards; Christians, Wilson and Strong forwards. Neal center, Petty and Whaley, guards.

## "Interests Ready to Rule If People Won't"

Attorney-General Barrett Criticises Indifference Shown By Residents Of Cities

St. Louis, March 22—Attorney-General Jesse W. Barrett, speaking of the relations of citizens of St. Louis to the State Government of Missouri, said in a talk to the Men's Club of St. John's Methodist Church Tuesday night:

"It is amazing how little city people inform themselves about the State government. They expect their Government to be perfect, without giving it any attention. There are plenty of interests ready to run the Government if the people neglect it, and under the circumstances, it is perhaps remarkable that our Government is so good as it is—better than you deserve, in fact. At the same time, there are a lot of things about it that you ought to know, and in some ways it is worse than you know.

"There is a feeling of animosity between the city and the rural districts, due to the failure of each to get the other's viewpoint. In some of the sparsely populated counties of Missouri, where the land is worth less than $10 an acre, men earn less in a day than a city mechanic earns in an hour. Unless we understand these conditions, we can't understand the prejudice against the city which is sometimes shown by the farm bloc."

Barrett said the relief of these conditions would require better roads, and above all, better schools. He describes schools, in some of the counties of Missouri, as being held in ramshackle buildings, by a teacher paid not more than $65 a month, and open only six months in the year.

"Sometimes, when I think of the needs of these districts," he said, "I believe that we ought to lay all emphasis on better public schools, and then wait 20 years for results.

### THREATENING PITTSBURGH FIRE IS UNDER CONTROL

Pittsburgh, Pa., March 22—Fire in the boiler shops and brush plant of the Allegheny Valley Work House, which threatened to develop into serious conflagration today, was under control by noon.

Before noon today one large building was destroyed. The majority of the prisoners pitched in and helped to fight the flames.

# HOUSE MAY DELAY AN ADJOURNMENT

DEMAND SEPARATE ACTION ON SENATE AMENDMENTS

## SENATE KILLS BANK BILL

Proposal To Allow Co-operative Bank Formed By Sixty Or More, Snowed Under

Jefferson City, March 22—The senate this afternoon defeated by a vote of 23 to 5, the Maxey bill providing for the organization of co-operative banks. Under the proposed bill sixty persons could organize a bank with a capital of $10,000. After eight per cent had been paid all excess earning would go in proportion to the shareholders doing business with the bank.

Senators Proctor, Brownlee, Irwin, and others declared the scheme worthy of a "Ponzi," and so organized that a bank operating under its provisions could do almost everything that a bank is now forbidden to do.

Jefferson City, March 22—The adjournment of the Legislature may be delayed by the action of the house today when it decided to take separate action upon the eighty-five senate amendments to the general contingent appropriation bill.

The senate passed the bill last night and it was expected that the house reject all of the amendments. This would throw the bill into a joint conference and block an early adjournment.

The senate rejected the senate amendment which would have eliminated a $57,087 item for the construction of a memorial for soldiers of the World War.

Large crowds are attending the trial.

## Prohibition Discussed at M. E. Church Meeting

An interesting open forum discussion was held last night at mid-week church services of the First Methodist Church upon the temperance question. The question up for discussion was whether or not it was necessary now to agitate and educate on the temperance question. Dr. C. C. James opened the discussion and the main talk of the evening was given by Mrs. Sarah P. Campbell, house mother at Residence Hall. Virginia Bennett paid a tribute to Francis Williard and Mrs. S. S. Wolcott spoke of the W. C. T. U. contest in the schools. Mrs. Campbell, in her talk, brought out the importance of educating the public to meet the brewers' propaganda, to build public sentiment against the effects of alcohol, and agitate against increasing the alcoholic content of wine or beer.

## All-Star Five Was by Democrat-Forum

No Official All-Star Team Named—Official of Tourney and Referee Picked Team

A certain amount of comment has arisen about the all-Northwest teams picked from the players in the high school tournament at the State Teachers College last week. For the purpose of information the teams were picked by the sports editor of the Democrat-Forum, assisted by one of the referees of the tourney.

The teams were not picked by the referees of the tournament nor from a consensus of opinion of the officials as has been stated in other papers.

It was announced at the College during the tournament that an all-star team would not be picked and the one picked by the Democrat-Forum was independent of an official selection.

# NO VERDICT YET IN RAIL STRIKE PROBE

HARRISON, ARK., INVESTIGATION MAY GO A MONTH

## TOWN STILL GUARDED

Today's Witnesses Substantiate Testimony of Yesterday To Legislative Committee

Harrison, Ark., March 22—Hope for an early close of the open hearing of the joint legislative committee into the acts of citizens here last January towards the strikers on the Missouri and North Arkansas Railroad, was held out today.

Although more than a hundred witnesses—members of the citizens committee from the towns and railroads along route of the road—still remained to be heard, the legislators thought that the hearing might close tomorrow. It likely will be another month before the findings of the committee will be made public.

Today's testimony was simply a repetition of that given during the three previous days of the investigation, an admission that the citizens, armed with pistols, rifles and shotguns, banded themselves together to rid North Arkansas of the strikers, who burned bridges, wrecked locomotives and caused suspension of the operation of the road. They stoutly denied any abuse and denied knowledge of the lynchers of E. C. McGregor.

The citizens' army of 350 continued on guard duty with rifles, revolvers and machine guns.

## Memory of K-97 Fails on Stand

Government Witness in Radical Trial Sidesteps Many Questions About Convention

St. Joseph, Mich., March 22—The perfect memory of Francis Morrow, government witness in the case of William Z. Foster, radical chieftain, failed him today upon cross examination by the counsel for the defense.

"I can't quite recollect," or, "I couldn't say that," were frequent answers that K-97, as he is termed as a government agent, gave in the cross questioning. Frank T. Walsh, counsel for Foster and thirty-one other alleged radicals, arrested last August 22, at their convention at Bridgemann asked many minute details concerning the meeting, which Morrow said he attended as a disguised delegate.

The court refused to strike out of the records, at Walsh's request, the testimony of K-97, that delegates from Russia were present. Walsh contended that the statement was mere hearsay.

# SEN. KING OPPOSES FASCISTI IN U. S.

REPREHENSIBLE TO AMERICAN INSTITUTIONS, HE SAYS

## FEARS WORLD TANGLES

Would Complicate International Affairs—Senator Will Ask Congressional Probe

Washington, March 22—Denouncing the organization of the Italian Fascisti in the United States as "reprehensible to the best American institutions," Senator William H. King, Democrat, of Utah, indicated today that the next Congress would be asked to investigate the "Black Shirt" movement.

King warned that the spread of the Fascisti movement throughout the world would bring serious complications in international affairs and declared that he would call it to the attention of the Senate when Congress reconvened.

"For naturalized Italians to join such an alien organization is to betray their loyalty to the Constitution of the United States, and for unnaturalized Italians to join it is betrayal of our hospitality," said Senator King.

"Such an organization as the 'Black Shirts' cannot be allowed to exist in the United States and will not even if congressional action is necessary to stop it," declared King.

## Mrs. Anna Buzzi Held for Murder

Housekeeper For Capt. Frederick Schneider Is Charged With His Murder

New York, March 22—Mrs. Anna Buzzi, who for nine years lived with Capt. Frederick Schneider, wealthy Bronx contractor, found slain in his auto three weeks ago, was arrested again today upon a charge of murder. After her arrest she was immediately taken into court and held without bail for forty-eight hours on the murder charge.

Mrs. Buzzi was held for examination Saturday on an affidavit prepared by captain of detectives, Henry Bruckman, on February 26. "The defendent willfully and feloniously discharged two shots from a revolver into the head of one Frederick Schneider, thereby causing his death," the affidavit read.

When first arrested Mrs. Buzzi stoutly maintained her innocence, after being held for ten days as a "material witness" and was released on bail. Schneider's body was found in his car at a lonely spot on the outskirts of the city and a woman was seen to leave the auto before the body was found.

## Red Cross Work Is Far-Reaching

The arm of the Nodaway County chapter of the Red Cross is far reaching. This week Miss Betty Turner, the secretary has carried on transactions with chapters in Colorado, Wyoming, Pennsylvaniaand Alabama in regard to ex-service men. Every week matters of importance go from the local chapter to all parts of the country and some of the activities are even foreign in scope.

The stories of these services will never be told but the assistance and comfort to home in the county is great and it is through the medium of the Red Cross that ex-service men all over the county are being benefited daily.

## MORE PRIDE NEEDED.

Did you ever notice the manner of people as they pass? No two of them are alike, in any way. Some have a certain pride in their bearing, some are happy go lucky and still others have an air of abject humility. Pride or the lack of it seem to be part of people, which may be developed by training. But is there anything in the education of the present day which directly trains pride? A person needs a certain amount of pride in himself, his occupation and also his standard of morals to give him the necessary confidence in himself.

We meet many very intelligent people in the course of our daily work, but how many of them are occupying lesser positions in life merely because they like the confidence in themselves to take responsibilities on their own shoulders, which are so necessary to really great undertakings. It is not always the highbrow who gets the good things that are offered, but on the contrary the fellow who takes enough pride in himself and his work to attract the attention of others and which creates the confidence to do things.

But in all things of this nature there are two extremes, abject humility on the one side and excessive egotism on the other. While a little bluff may be perfectly all right, this idea of using all of ones resources to put on a big, bold front, and then with nothing left to justify that front is not only ridiculous but is putting oneself in an unjust and false position. It is work backed up by confidence that delivers the goods.

## KIRKSVILLE TRUST CO. CLOSED TODAY.

### But Bank Examiner Says Only to Determine Exact Financial Condition of Bank.

Jefferson City, March 22—By a resolution of the board of directors, the Kirksville Trust Co., in Adair County, was closed today and placed into the hands of deputy state finance commissioner, A. J. Stanfield.

This action was taken following the suicide last Sunday of L. V. Gibbs, secretary of the company. It was stated by state finance commissioner, Frank Millspaugh, this morning that it was not a bank failure in the ordinary acceptation of the term, but was placed in the hands of the state department pending a temporary examination by Stanfield to determine the exact financial condition of the institution.

**THAT BAD BACK.**

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stopping or lifting—distressing urinary disorders? For bad back and weakened kidneys Maryville residents recommend Doan's Kidney Pills. Read this Maryville statement.

Miss M.H. Donahue, 724 North Mulberry Street, says: "My back caused me a great deal of trouble and I felt miserable and worn out. Sharp shooting pains often caught me in the small of my back. My back was lame and sore and occasionally dizzy spells came over me and left me in a weak condition. A friend advised Doan's Kidney Pills and two boxes not only brought great relief but completely cured me. I am glad to say these few words in praise of such a good reliable remedy as Doan's Kidney Pills."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Donahue had. Foster-Milburn Co., Mfrs., Buffalo, N.Y.
